Notes:

- A "Which STAR Event Is For You" quiz can be found on the FCCLA portal > surveys & applications > competitive events – students should take the quiz from the student portal side.
 - ND members can only compete in STAR Events on this list, not all events are offered at district/state level due to competition restraints & requirements.
- If a member has competed in an event at Nationals, they **CANNOT** compete in that event unless they level up (example – A 9th grader that competes in Food Innovation L2 at NLC, in order to compete in Food Innovation competitive event again, they must be in at least grade 11 to compete at L3)
- Make sure students thoroughly read through the event rubric, understanding which requirements are scored for the display/portfolio portion versus the oral presentation portion of the project.
- Competitors scoring in the BRONZE range at competition **CANNOT** advance to the next level.
